

## SIMPLE CARE COORDINATION THAT WORKS

PatientPing is a community of providers coordinating care through real-time notifications, or Pings, when patients receive care anywhere

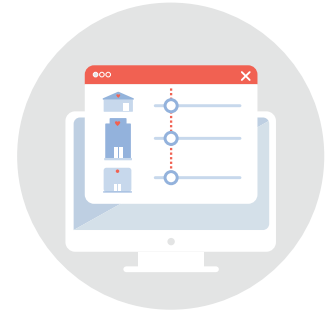

### Pings

Real-time care transition notifications

### Care Instructions

Patient care program information and affiliated resources

### Visit Histories

Patient utilization history

“ Bottom line - we’re all going to continue to share patients. And we’re going to need to talk about them. Let’s get started. — Adrienne Seiler, MD, Medical Director, Pioneer Valley ACO and Post Acute Baycare Health Partners ”

## Use PatientPing to

- ✓ Track patients that are admitted into care post discharge
- ✓ Apply timely interventions critical for care improvement initiative success (e.g. readmission reduction, bundled payments, etc.)
- ✓ Reduce network outmigration through deepened relationships with community providers
- ✓ Identify patients’ full care team to facilitate safe and seamless care transitions and discharge planning
- ✓ Wow patients with superior customer experience
- ✓ Quickly identify high utilizers through a patient’s visit history
